HOLLY FLOUR

MAKES MORE BREAD.

Gluten absorbs much more water in bread-making than the starchy part of flour. A quart of Holly Flour will make much more dough than any other flour, because it contains more gluten. For this reason Bakeries always use Holly Flour.

KEKAUOHA IS TO RUN AGAIN

(Continued from page one.)

It was only last June that George K. Kekaouha was found guilty of malfeasance and misadministration in office, by the Board of Supervisors of the County of Oahu, and was removed from office. Now, according to those familiar with the conditions in his district, he has a fine chance of being re-elected.

When asked in regard to his candidacy this morning Mr. Kekaouha said: "Yes, I think I will be nominated and if nominated I hope to be elected. I am sure that I will be for in my district I feel that I am a strong man. I have more friends there than ever. I have joined the Home Rulers and I shall stick to them until the end for they have treated me right when I was down. The Board made a mistake in my case, and I hope I will be elected, that I may vindicate myself."

DEMOCRATS ADOPT A PLATFORM

(Continued from Page One.)

derstood that the platform will condemn the administration of Governor Carter.

While waiting for the report of the committee on platform, the convention elected C. J. McCarthy permanent chairman, John Emmeluth permanent secretary, R. H. Trent permanent treasurer and Charles Williams of Hawaii vice chairman.

Williams delivered an address in which he predicted success for the Democratic party on Hawaii and said that the nomination of Palmer P. Woods for senator was equivalent to an election.

Col. Laukea was called upon and spoke. He said that if elected sheriff of Oahu County he would not permit the members of the police force to do politics, but would see that they did their duty and did not engage in machine work.

Palmer P. Woods spoke briefly. He told of the bright prospects of the party on Hawaii.

W. A. Kinney was then called upon for remarks.

The question of the nomination of a delegate to Congress seems likely to result in a row. Hawaii does not favor such a thing as some of the local leaders are in favor of. Some lively debates are likely to follow.

There will apparently not be any fight in the district conventions the indications being now that the states agreed upon at the caucus last Friday night will go through. C. J. McCarthy will be one of the senators. The probable representatives are fourth district, Teola Kikahi, Jesse Uluhi, Edward Ingham, F. W. Weed, Julius Aesch; fifth district Dan Kamahu, E. L. Like. There may be some withdrawals and some other names substituted as this ticket is not complete for the fifth district for Honolulu town.

An attempt is being made by a certain element to run J. S. Kalakahi, the present Republican deputy sheriff for a similar nomination on the Democratic ticket. Such an attempt will be voted down overwhelmingly. The sentiment seems to be that W. Jarrett is the strongest man that the party can put up. The name of Herbert J. Mossman has been mentioned but it is understood that Mossman is not going to run. The sentiment appears this morning among the Oahu delegates to be overwhelmingly in favor of Jarrett.

Harry Juen has announced his withdrawal as candidate for the deputy sheriffship. He received the endorsement of the caucus last week but he has decided not to make the run. Many of his supporters have been urging him to withdraw. He still has a strong following and will be supported as long as he desires to remain in the fight but he has decided not to make the run so his strength will probably go to Jarrett or whatever candidate is regarded as the strongest that can be named.

There will be no opposition to the nomination of Col. Curtis P. Laukea for sheriff. He will receive the vote by acclamation, not to that of R. H. Trent for treasurer. Charles Rose will also be nominated for auditor without opposition, as will probably Wade Warren Thayer for county attorney. No available candidate for clerk appeared to be in sight this morning but the nomination will be made.

For supervisors, A. Fernandez will be named for supervisor-at-large, F. Harvey and H. T. Moore for district supervisors. Walter Dusenberger who was named in the caucus last week has stated that he can not run but efforts will be made to have him reconsider this decision. In event of his not running some other man will be brought forward. It was understood that Chan Wilder would consider a nomination for supervisor or else on the legislative ticket.

There seems to be no effort toward fusion with the Home Rule party over the various county offices or district offices. The indications this morning were that the party would conduct the campaign with a lone hand.

The name of W. A. Kinney is being mentioned for chairman of the new territorial central committee while that of C. J. McCarthy is also being considered in the same connection. Herbert J. Mossman is being named for county chairman but some other candidate may come forward for the latter office. Mossman is regarded as one of the most earnest and efficient of the party workers and would be acceptable to leaders of the party. Frank Harvey may be re-elected to this office.

Miss Mary Crowes and Miss Beatrice Taylor spent Sunday at Kabuku.

DEMOCRATIC PLATFORM

(Continued from Page One.)

relation to public lands as mere plattitudes opposed to the policy of the party leaders and calculated to deceive the electors. The sincerity of the party in power is evidenced by its platform declarations relative to teachers' salaries, College of Agriculture and Mechanic Arts, Water Works, Liquor Law, Income Tax, Smoking Fund, Tax Commission, and the "Gold Brick" County Act, all matters either of commission or omission on their part in the Legislature of 1935.

We again call attention to the failure of the Republican Legislature to make a re-appointment of Territorial senators and representatives, as required by Chapter 2, Section 55 of the Organic Act.

The County Act passed by the Legislature of 1935 leaves much to be desired, both as to local self government and economy of administration. We pledge our candidates for the Legislature to a careful revision of the Act and to such additions as will bring it to the American standard, place the public office buildings and utilities operated in each county in charge of such county, provide for the election of all officers of the county and we pledge our candidate for Delegate to a determined effort in congress to eliminate all Territorial offices performing county functions, particularly that of high sheriff and Superintendent of Public Works, giving the Territory as a whole an economic operating basis and the people their rights.

We believe the system of taxation in vogue in this territory is increasingly inequitable and burdensome, unscientific and expensive in its application.

The platform statement of the Republican party on this subject is one of evasion and procrastination under conditions that require action. We declare for an immediate adjustment of the tax laws, creating elective assessors in each county, with right of appeal from assessment to the county Supervisors sitting as a tax appeal board. Assessment rolls to be placed with County Treasurer for collection, together with all licenses issued in the county; Territorial expenditures to be met by a percentage of receipts from all counties.

But in this connection declare that the burden of educating aliens in our public schools has grown to such proportions that provision should be made whereby those thus benefited shall be directly taxed therefor.

We favor limiting sources of taxation to land values, and a graduated income tax, believing these to be the simplest of application and least expensive in collection, while they tax industry in ratio as it is benefited. We demand an enactment covering forced sales of property for taxes, or under mortgage foreclosure and to provide for the redemption of same within a reasonable time.

We view with deep concern the total absence of provisions in the fiscal system of the Territory for meeting interest on the redemption of bonds when same shall fall due. We charge that under prevailing practice many non-revenue producing improvements for which loan appropriations have been expended will become fruitless sources of further expenditure for repairs long prior to the redemption of bonds issued therefor. Non-productive loan fund expenditures should be assessed against the property benefited as a special tax, the rate being such as to meet interest and provide a sinking fund that shall liquidate the indebtedness when the bonds mature. In like manner receipts from productive loan fund investments should be applied to the reduction of the obligation incurred in creating them, providing a comprehensive and just system for meeting our indebtedness. In this connection we favor the policy, on government account, of making loan appropriations for productive works only making provision under a general loan act for non-productive loan funds secured by special tax as above proposed.

We pledge our candidates for the legislature to the enactment of a District Primary law. The Initiative and Referendum including the "Recall" and such other legislation as may be needed to put the question on "Graft" and the "Machine" in this Territory.

We favor the establishment of an Agricultural College, to be maintained as other Agricultural Colleges are maintained throughout the United States, and not by leasing the public lands to corporations, as indicated in the Republican platform recently adopted at Wailuku.

We demand the erection of a Territorial penal establishment, separate and apart from any County prison, for the incarceration of persons convicted of felony.

We favor the extension of the public school system, so as to embrace a comprehensive course of manual and agricultural training and an elementary course in civil government, thus instilling into the youth of this Territory the principles of industry and good citizenship upon which the future welfare of this Territory so much depends. We denounce the parsimonious treatment given the teachers of the Territory by the legislature of 1935 as a fit climax to the method of retrenchment adopted by the Executive of the Territory during 1934. We favor making salaries in all departments of government commensurate with the service to be rendered.

We favor all reasonable measures for the amelioration of labor conditions in this Territory, consistent with the upbuilding of a permanent, home-seeking element within our borders, and demand that as an earnest of this policy the Territorial Government convey to actual residents upon the public domain, at a fair price, the homesteads they occupy on lands previously leased to individuals or corporations—such as

the Punchbowl district, Kapaa, Hanalei and like leaseholds.

We favor a strict enforcement of the citizen labor and eight-hour laws, coupled with a minimum wage of one dollar and fifty cents (\$1.50) per day on all public works.

We commend the action of the United States in establishing a Federal Station for inquiry into the causes of and a possible cure for leprosy, at Kalaupapa, and favor such appropriation as will meet the requirements of the people there detained. We favor the erection of a Suspect Hospital at some convenient point adapted to the requirements, where persons afflicted with disease may be treated until such time as the nature of their disease has been fully determined.

We pledge our candidates to the legislature to a renewal of the appropriations for Liliuokalani, and our delegate to congress to introduce and support a measure looking into a Federal appropriation for the payment to her of a lump sum in settlement of all claims on her part.

Eighteen months' experience under the Liquor law passed by the legislature of 1935 have proven them to be a disgrace to this Territory. The indiscriminate issuing of licenses thereunder has created conditions without a parallel under the American flag—a blot on our civilization; and a spectacle to be ashamed of. We pledge our legislative candidates to the enactment of a law that will check and regulate the present unbridled and crime-inviting methods of selling liquor and that will result in the giving of licenses to citizens only, the discretion of issuing licenses to be placed in the hands of the County Supervisors.

Relying implicitly upon the soundness of the principles above set forth, and upon the justice and intelligence of the masses, we present this platform to the people of the Territory as the expression of the Democratic party on local issues and earnestly invoke the active support of all in its vindication and success.

FOR WIFE-MURDER

The trial of George Wainee for the alleged murder of his wife was begun this morning in Judge De Bolt's court. This morning was spent in efforts to get a jury. Deputy Attorney General M. F. Prosser, assisted by Chester Doyle, is prosecuting, and S. B. Kingsbury, R. B. Anderson and W. T. Rawlins are defending.

HOME RULERS ENDORSE CARTER

(Continued from page one.)

until the committee reported at 11 o'clock.

William Kalehuia moved that the spectators be separated from the delegates' seats so as to avoid the complication that might happen in voting.

D. Kalaauokalani moved that a committee of five on platform be appointed. The President appointed D. Kalaauokalani, chairman, John Baker, S. K. Mahoe, J. M. Kealoha and Jesse Makalani.

The convention at 11:30 o'clock took another recess until the committee was ready to report at 15 minutes to 12. At that time the committee made its report which was adopted.

D. Kalaauokalani moved that a committee on rules and regulations be appointed. The committee on platform was made the committee on rules.

One of the Greatest Bargains ever offered.

FOR SALE.

A beautiful country residence on which has been expended \$22,000, consisting in part of a large bungalow in perfect repair 100x90 feet, containing entrance hall 10x40 feet, living room 25x40 ft., Dining room, Kitchen, Pantry, eight sleeping rooms and two bath rooms, with all conveniences; also, Guest Cottage and servants' quarters, all situated on large lot by sea shore, set with fine trees and plants. Kalaauokalani made a strong effort to offer excuses, but his co-workers would not let him speak.

At 12:30 the committee by its chairman William Kahlbaum made its report with a recommendation that Mahoe's resolution be rejected.

A motion to adopt the report of the committee was approved.

D. Kalaauokalani moved that convention proceed without taking meals. Carried.

The names of D. Kalaauokalani, Rev. J. Kekipi, S. K. Oili, T. Polikapu and Kalauekekei were placed in nomination for senators of Oahu.

John Nakookoo and J. M. Kealoha were appointed tellers by the president and the following were duly declared nominated. D. Kalaauokalani, S. K. Oili, Rev. J. Kekipi.

Placing in nomination the names for representatives was next in order.

As far as the platform is concerned the County convention affirms the platform formerly adopted by the Territorial convention, and further, this convention will introduce a platform of its own.

The Home Rule party supports the administration of Governor George R. Carter.

The president of the Home Rule party addressed the convention during the recess time, advising the party to be independent and not to entertain the fusion proposition.

He said, the Home Rulers should not allow themselves to be misled by the other two political parties, but meet the battle single-handed and win a glorious victory. He said that every one should be careful with any resolution that might be introduced as it is one of the dangers that could easily gain its loop hole.

A. G. Kaulukou a prominent young Hawaiian lawyer has been spoken of as
